

Thank you for trusting DentTIVA® to provide you the safest and most effective IV sedation available at your Dentist. We are the unparalleled leader in Dentistry IV sedation anesthesia.

We look forward to helping every patient think very positive about seeing the dentist. Many patients clearly see us as the best, and most affordable option compared with surgery centers and hospitals.

To help make your visit to the dentist office the best experience possible, there are forms that we ask you to complete as soon as possible. These include the following:

1. Pre-Anesthesia Questionnaire
2. Informed Consent
3. HIPAA Authorization
4. Pre and Post Anesthesia Instructions

These forms are attached to this letter, or you can print them on line from a computer by going to www.denttiva.com and click on "Patient Forms" in the Navigation Bar near the top of the web page.

Please complete these forms to the best of your ability. An Anesthetist will call you prior to the day of your appointment. He or she will discuss your health history and answer any questions you may have about the information on the forms and your anesthesia. WE REQUIRE THAT THESE FORMS BE BROUGHT WITH YOU ON THE DAY OF YOUR APPOINTMENT. We reserve the right to cancel or postpone your appointment without refunding your deposit if you do not bring your completed forms.

PAYMENT FOR SERVICES:

DentTIVA® makes every effort to make our services affordable to everyone. Your dentist should have provided you our fee schedule. Our Fee Schedule is included in this information as well.

For all cases we require \$100.00 (non-refundable) deposit at least 14 days prior to your appointment. We also require payment in full on the day of your service. Please refer to your Fee Schedule to estimate your total cost. Rebooking a cancelled case will require an additional \$100.00 deposit.

Insurance: Only in very rare instances will medical insurance pay for dental IV anesthesia no matter your level of anxiety.

If you want to submit your bill as a claim to your medical Insurance company we can provide you with the procedural codes. You will need to contact your Primary Care Physician or Specialist to obtain appropriate diagnosis codes that qualify for anesthesia reimbursement. We no longer submit claims to insurance companies.

We accept all major credit cards, checks, and cash.

Again, we are glad you have decided on using DentTIVA® dental anesthetic services. We look forward to making your dental care possible as you "Sleep for your smile".

Sincerely,

C. Paul Bowen, CRNA, President

1. List all current Medications and herbal supplements that you that you take:

☐ I take no medications

Name	Dosage	Frequency

2. List all allergies to food, medications and other substances (latex rubber, shellfish, iodine):

☐ I do not have any known allergies

3. Have you ever had dental or surgical procedures requiring sedation or general anesthesia?

☐ YES ☐ NO

List on next page.

4. Please list your previous surgeries or dental procedures requiring anesthesia.

Surgical or Dental Procedure Requiring Anesthesia	Year

5. Any difficulties or complications with previous ANESTHESIA or surgery?

Anesthetic Complications	YES	NO
Severe Nausea or Vomiting		
Difficulty waking up		
Awareness while under anesthesia		
Difficult intubation (insertion of breathing tube)		
Malignant hyperthermia (you or your family) -- uncontrolled very high fevers		
Blood relative had major complication		
Other: _____		

6. Have you ever had HEART, CIRCULATION of BLOOD PRESSURE problems? ☐ YES ☐ NO

HEART, CIRCULATION of BLOOD PRESSURE problems?	YES	NO
High blood pressure		
Angina or chest /arm/jaw pain		
High Cholesterol		
Leg or neck artery blockage		
Heart attack		
Congestive heart failure		
Heart murmur/heart valve problem		
Irregular heart beat or palpitations		
Defibrillator		
Born with a heart problem		
Other heart condition _____		

7. Do you have difficulty climbing two flights of stairs without stopping? ☐ YES ☐ NO

8. Have you ever had a specialized heart test or heart procedure?

☐ YES ☐ NO

Specialized heart test or heart procedure?	YES	NO
Carotid Doppler Study		
Holter monitor		
Stress test		
Heart catheterization		
Echocardiogram		
Cardiac stent? DATE _____		
Heart nuclear scan		
Other test or procedure _____		
Have you been told any of these tests were abnormal?		

9. Have you ever had breathing problems or a lung condition?

Breathing problems or a lung condition?	YES	NO
Asthma		
Emphysema or COPD		
History of pneumonia		
Chronic cough		
Sleep apnea		
Bronchitis		
Recent cold, sore throat (last 2 weeks)		
Use oxygen		
Shortness of breath		
Use CPAP or BiPAP		
Other lung or breathing problems? _____		

10. Have you ever had a brain, nerve, muscle or mental health condition?

☐ YES ☐ NO

Brain, nerve, muscle or mental health condition?	YES	NO
Stroke		
Seizures or epilepsy		
Paralysis		
Numbness or weakness		
Multiple sclerosis		
Neuropathy		

Brain, nerve, muscle or mental health condition?	YES	NO
Tremors		
Parkinsonism		
Loss of bladder or bowel control		
Muscle disease		
Headache/Migraines		
Anxiety		
Depression		
Other: _____		

11. Have you ever had any liver or digestive problems? ☐ YES ☐ NO

Liver or digestive problems?	YES	NO
Ulcer		
Hiatal Hernia or Acid Reflux Disease (Heart Burn)		
Gallbladder Problems		
Hepatitis		
Yellow Jaundice		
Cirrhosis		
Difficulty Swallowing		
Unintentional Weight Loss		
Other: _____		

12. Have you ever had a kidney or prostate condition? ☐ YES ☐ NO

Kidney or prostate condition?	YES	NO
Chronic Bladder or Kidney Infection		
Kidney Stone		
Diminished Kidney Function/Kidney Failure		
Blood or Peritoneal Dialysis		
Prostate Enlargement or Prostate Cancer		
Other: _____		

13. Have you ever had blood or clotting disorder? ☐ YES ☐ NO

Blood or clotting disorder?	YES	NO
Anemia		
History of blood transfusion		
Blood clotting disorder		
Sickle cell trait or disease		
Transfusion reaction		
Bruising without reason		
Blood clots in legs or lungs		
Use blood thinners		
Other: _____		

14. Have you had diabetes, thyroid, or endocrine disorder? ☐ YES ☐ NO

Diabetes Treated with:

Diet ☐

Pills ☐

Insulin ☐

Thyroid Disease:

High ☐

Low ☐

Prednisone or Steroid Use

YES ☐

NO ☐

Other: _____

15. Have you ever had arthritis, spine, joint, or connective tissue problems? ☐ YES ☐ NO

Arthritis, spine, joint, or connective tissue problems?	YES	NO
Degenerative arthritis		
Osteoporosis		
Spine problems: If so, check below.		
Neck		
Upper Back		
Lower Back		
Rheumatoid arthritis		
TMJ/difficulty opening mouth		
Neck stiffness or pain with neck movement		
Fibromyalgia/chronic fatigue		
Fractures		
Other: _____		

16. For Women:

Date of Last Menstrual Period; _____

If pregnant, How many weeks? _____

If pregnant, Who is your OB? _____

17. Did you ever, or do you use tobacco, drink alcohol or use illicit drugs? ☐ YES ☐ NO

Use tobacco, drink alcohol or use illicit drugs?	YES	NO
Cigarette Smoking		
Packs per day _____ Years _____		
Cigar or pipe smoking		
Alcohol: Drinks per day _____		
Treated for alcoholism in the past?		
Marijuana		
Cocaine/Crack		
Methamphetamines		
Other: _____

END OF QUESTIONNAIRE

CONSENT FOR ANESTHESIA SERVICES

I, _____, acknowledge that my doctor has explained to me that I or my child will have an operation, diagnostic, or treatment procedure— medical or dental related. My doctor has explained the risks of the procedure, advised me of alternative treatments, and told me about the expected outcome and what could happen if my condition remains untreated. I also understand that anesthesia services are needed so that my doctor can perform the procedure.

It has been explained to me that all forms of anesthesia involve some risks and no guarantees or promises can be made concerning the results of my procedure or treatment. Although rare, unexpected severe complications with anesthesia can occur and include the remote possibility of infection, bleeding, drug reactions, blood clots, loss of sensation, loss of limb function, paralysis, stroke, brain damage, heart attack or death. I understand that these risks apply to all forms of anesthesia and that additional or specific risks have been identified below as they may apply to a specific type of anesthesia. I understand that the type(s) of anesthesia service checked below will be used for my procedure and that the anesthetic technique to be used is determined by many factors including my physical condition, the type of procedure my doctor is to do, my doctor's preference, and my own preference. It has been explained to me that sometimes an anesthesia technique which involves the use of local anesthetics, with or without sedation, may not succeed completely and therefore another technique may have to be used including general anesthesia.

<input type="checkbox"/> Deep IV Sedation and General Anesthesia (IV= Intravenous)	Expected Result	Total unconscious state, possible placement of a tube into the nose mouth and windpipe
	Technique	Drug injected into the bloodstream, breathed into the lungs, or administered by other routes
	Risks	Mouth or throat pain, hoarseness, injury to mouth or teeth, awareness under anesthesia, injury to blood vessels, aspiration, pneumonia

<input type="checkbox"/> Moderate/Conscious IV Sedation (IV= Intravenous)	Expected Result	Total or partial amnesia, reduced anxiety and pain, Intermittent periods of brief unconsciousness Able to follow commands
	Technique	Drug injected into the bloodstream, breathed into the lungs, or administered by other routes
	Risks	An unconscious state, depressed breathing, injury to blood vessels Partial or total memory of the procedure Advancement to General Anesthesia with associated risks.

☐ I understand that my anesthesia may be advanced to DEEP IV SEDATION and GENERAL ANESTHESIA if Moderate IV Sedation is not effective as determined by my doctor or anesthetist.

☐ I prefer that my anesthesia NOT BE advanced to Deep IV Sedation and General Anesthesia and stopping the procedure IF the procedure being performed safely permits me to be awakened.

Printed Name of Participant or Personal Representative

Description of Personal Representative's Authority

I, _____ agree to the following terms and fees for Conscious and/or General Intravenous (IV) anesthesia services provided by DentTIVA®. (Initial Preference Below)

* **Conscious IV Sedation:** Conscious IV Sedation is effective intravenous sedation that relieves patients of fear and anxiety. Conscious IV sedation may provide feelings of euphoria along with frequent periods of sleep. There is little care or regard to pain. Most patients do not remember the dental procedure, but some do remember part or all of their dental procedure. There is less risk for complications of Conscious IV Sedation compared to Deep IV Sedation and General Anesthesia.

There are generally two reasons why Conscious IV Sedation is chosen.

1. The dentist needs me to be able to cooperate and follow commands like opening my mouth or turning my head while I am in a twilight sleep.
2. Patient preference: Effective relief of my fear and anxiety with a probability that I do not remember the dental procedure is what I want. I do not want or need General Anesthesia.

Fee for Conscious IV Sedation:

*Base Fee: \$90.00 (no time elapsed)
plus

*\$60.00 every 15 minutes. (minimum 1 hour)

* **General Anesthesia:** General Anesthesia renders patients totally unconscious. There is no perception for pain. Memory or awareness of the dental procedure is very unlikely. However, there are reports that some do remember part or all of their dental procedure. There is more risk for complications of General Anesthesia compared to Conscious IV Sedation.

There are generally two reasons why general anesthesia is chosen.

1. The dentist requires me to be completely unaware due to the invasive nature of the dental procedure.
2. Patient preference: I want greater assurance that I do not remember or have awareness of any of the dental procedure compared to Conscious IV sedation. Numbing medicine does not work well enough for me. Or, for example, if a patient says "I just want to be knocked out", then general anesthesia is likely the best option.

Fee for General Anesthesia:

*Base Fee: \$300.00 (no time elapsed)
plus

*\$60.00 every 15 minutes. (minimum 1 hour)

Additional (Non-standard) IV Medication Charges: Provided at the discretion of the Anesthetist or at the request of the patient or Dentist.

- Anti-nausea Medication (Promethazine, Ondansetron)—\$10.00 ea
- Blood Pressure Management Medication (Ephedrine, Neosynephrine, Labetalol, Metoprolol, etc.)— \$35.00 ea
- Antibiotic Medication— if requested by dentist (Cefazolin, Gentamycin)— \$50.00 ea
- Steroid or anti-inflammatory Medication (Dexamethasone, Hydrocortisone, Ketoralac, Benadryl)— \$10.00 ea

Payment: Payment for anesthesia services must be paid on the day of service by cash, credit card, flexible spending account, or health savings account. A non-refundable deposit of \$100 is required on the day we call to confirm your appointment and no later than 14 days prior to your appointment. An invoice for payment will be mailed and or emailed to you. Rebooking a cancelled appointment requires an additional non-refundable \$100.00 deposit.

DentTIVA® does not participate in healthcare credit plans.

DentTIVA® NO LONGER SUBMITS CLAIMS FOR INSURANCE. Anesthesia for dental procedures performed by a dentist or dental hygienist is considered elective and is not reimbursable by medical insurance companies.

Nonpayment of fees over 30 days from the date of service are subject to 10% per month late fees as well as collection service fees, reasonable attorney fees, court fees and all other costs incurred for collections. Bounced checks and/or insufficient funds checks incur a \$30 fee per deposit.

My signature below indicates that I have read and understand the above fee information and agree to the terms of payment. **See a separate form called Consent for Anesthesia Services for related information.**

PRE-ANESTHESIA INSTRUCTIONS-- Before coming to the Dentist office:

1. Notify your DentTIVA® if you have any sudden changes to your health as soon as you become aware. This is especially true for even mild colds or flu-like symptoms.
2. Take your regular medications with sips of water as instructed by your Anesthetist.
3. Arrange for transportation for your return home by a responsible friend.
4. Nothing to eat or drink for at least 8 hours before your appointment, except for your regular medications.
5. Wear loose fitting clothing.

POST ANESTHESIA INSTRUCTIONS-- Leaving after your sedation:

1. During your surgery, you will be given an anesthetic to make you comfortable and free of pain. This will be administered either by a fully-trained Certified Registered Nurse Anesthetist (CRNA), dental anesthesiologist (DMD), or physician (M.D.) anesthesiologist.
2. You are required to have a responsible person transport you from the doctor's office after surgery. Someone must stay with you for the next 24 to 48 hours.
3. You may be unaware of the effects of the anesthetic for 24 to 48 hours, even though you may think you feel fine.
4. During this time, you should not engage in any activity that could be harmful to yourself or others, such as driving, smoking in bed, or using power equipment.
5. You should exercise caution and seek assistance when engaging in activities such as walking, climbing stairs, or going to the bathroom. A responsible person should be readily available to assist you with your needs.
6. You should eat only very light, easily digested foods and liquids for the next 24 hours.

My signature below indicates that I have fully read and understand these post anesthesia instruction and that my anesthesia provider has fully explained any questions that I have regarding my responsibilities related to receiving anesthesia.

CALL 911 OR YOUR LOCAL EMS IN CASE OF AN EMERGENCY

Patient Name

Patient or Guardian Signature

Date: _____ Time: _____

Fees for DentTIVA® anesthesia services include the cost of the DentTIVA® Anesthetist, all medications and supplies for ordinary circumstances. Talk to your anesthesia provider for additional costs of IV anti-nausea, steroid and antibiotic medications as well as other fees.

Conscious Sedation: \$90.00 Base Charge plus \$60.00 every 15 minutes-- rounded up to the next 15 minute increment.

General Anesthesia: \$300.00 Base Charge plus \$60.00 every 15 minutes-- rounded up to the next 15 minute increment.

DentTIVA anesthesia fees are separate and in addition to what your Dentist charges for dental services.

Examples of fees:

IV Conscious Sedation (responsive to commands)	
1 Hour	\$330
2 Hours	\$570
3 Hours	\$810
4 Hours	\$1050
5 Hours	\$1290
6 Hours	\$1530
7 Hours	\$1770
8 Hours	\$2010
Actual fees are divided into 15 minute increments and rounded up to the next 15 minute time.	

General Anesthesia (NOT responsive to commands)	
1 Hour	\$540
2 Hours	\$780
3 Hours	\$1020
4 Hours	\$1260
5 Hours	\$1500
6 Hours	\$1740
7 Hours	\$1980
8 Hours	\$2220
Actual fees are divided into 15 minute increments and rounded up to the next 15 minute time.	

Anesthesia time is billed starting when the anesthetist begins to place your IV and ends when you are discharged from the office.

DentTIVA accepts all major Credit Cards, Cash or Checks.

****We do not accept CARE CREDIT****

Cancellation/Deposit Policy: A \$100 deposit is due upon booking a DentTIVA® anesthesia service. The deposit is non-refundable. Rebooking requires an additional \$100 deposit.

Using highly skilled anesthesia providers, DentTIVA® makes every effort to provide affordable anesthesia services.

Thank you for using DentTIVA® anesthesia services.
